

1 day observation with Dr. Tara Erson

- Held in Dr. Tara's office in Las Vegas, NV
- 8:00am-4:00pm
- Our office days are Mondays, Wednesdays, and Fridays
 - Scheduling is flexible as long as it is approximately 30 days in advance
- You will have the opportunity to observe
 - New patient consultations
 - Live patient CO2 frenectomies
 - 1 week follow up appointments
 - 4 week follow up appointments
- You may also observe
 - Post procedure and/or 2 day follow up appointments with Alura Hirsch, IBCLC
 - Bodywork sessions with Jennifer Flinn, LMT
- You will receive copies of all paperwork we use for intake and aftercare
- Pictures of our setup and office are allowed
 - Pictures of patients are not allowed
- Topics that can be discussed
 - Aftercare protocols
 - Treatment strategies
 - When to refer patients for additional therapies
 - Building your collaborative team
 - Billing codes and patient management

Dr. Tara welcomes your input prior to arriving with your most desired learning objectives and goals to best tailor our time together.

- Fees
 - The fee for this observation and comprehensive learning experience is \$1500.
 - If desired, an additional half day (on a Tuesday, Thursday, or Saturday) can be added on with more in depth discussion about tongue tie basics and laser basics for an additional fee of \$1000.
 - Our IBCLC and/or LMT are available to include a day of observation and training for your lactation consultant and/or bodyworker for a fee of \$500 per person.
